Dear Universal Phoenix Group Hiring Team:

Please accept this letter as my application for the illustrator/2D artist internship. I saw this job posting on Indeed.com.

I am a freelance artist in Starkville and am interested in your illustrator internship. My experience at the University of North Texas has made me adept in different artistic fields, including figure drawing, oil painting, and screen printing. While working in various fields of fine art I gained the experience of color theory, gesture drawing, and quality assurance. Many of these skills could make me a good fit for the job.

I would appreciate the opportunity to meet with you to discuss my qualifications for this position. If you have questions or would like to schedule an interview, please contact me at 940-315-4664 or christina.king99@outlook.com. I look forward to hearing from you.

Sincerely,

Chris King
