April 2, 2025

Dear Crescent Memorial Hiring Team:

Please accept this letter as my application for the engraving artist position. I saw this job posting on Indeed.com.

I am a freelance artist in Starkville and am interested in your engraving art associate position. My experience at the University of North Texas has made me adept in different artistic fields, including photography, relief printing, and screen printing. Working in these various fields of fine art allowed me to experience operating a laser engraving machine, print registration, and quality assurance. Many of these skills could make me a good fit for the job.

I would appreciate the opportunity to meet with you to discuss my qualifications for this position. If you have questions or would like to schedule an interview, please contact me at 940-315-4664 or christina.king99@outlook.com. I look forward to hearing from you.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Chris King', with a stylized, flowing script.

Chris King
